«Mafalda é a heroína do nosso tempo.»

UMBERTO ECO

Mafalda, a irreverente e contestatária criança com angústias existenciais e defensora dos direitos humanos, é uma das personagens de banda desenhada mais acarinhadas de sempre. Através de Mafalda e dos seus amigos, o inigualável cartoonista argentino Quino reflete com um humor crítico sobre política, economia e sociedade em geral. Este livro reúne uma seleção das melhores tiras da Mafalda publicadas ao longo de dez anos agrupadas por temas. No fim, encontra-se uma comovente e reveladora entrevista concedida por Quino ao jornalista italiano Rodolfo Braceli.

«Mafalda, uma miúda que há cinquenta anos se pôs a olhar o mundo e a dizer coisas simples e pertinentes, surpreende pela sua atualidade.»

DIÁRIO DE NOTÍCIAS

«De Quino, herdámos uma galeria de *cartoons* que comentavam com inteligência, humor e uma muito humana desfaçatez um mundo que ainda vai sendo o nosso.»
